THE LYNX UNIVERSE

About the Brand

LYNX is a complete universe dedicated to sport and performance, conceived to provide an experience of excellence to athletes, enthusiasts, and the community.

Its identity is based on three fundamental pillars: innovation, competitive spirit, and continuous surpassing/improvement.

INNOVATION

Brand created to respond to various aspects of Padel in Portugal.

COMPETITIVENESS

A universe dedicated to sport, performance, and community.

OVERCOMING

An experience of excellence for athletes, enthusiasts, and clubs.

THE CHALLENGE

"WHAT'S THE SCORE?"

THE PROBLEM ALL PADEL PLAYERS KNOW

1

In team games (official or social), counting points is a constant problem.

2

Points are lost/forgotten because it's simply not always possible to keep track of the score.

3

This interrupts the flow of the game and affects the experience.

The Problem Leading to the Solution

LYNX founders and Padel players themselves realised that discussions about score counting broke the rhythm and focus of the game, and it was from this need that they found the solution which gave rise to the LYNX SCOREBOARD.

We created a product to solve this problem.

THE LYNX SOLUTION

LYNX SCOREBOARD

A revolutionary piece of equipment that definitively solves the problem of score counting.

Conceived, programmed, and built in Portugal.

WHY THE LYNX SCOREBOARD?

INTUITIVE

- Modern and easy-to-use interface;
- Automatic and accurate scoring;
- Adaptable to any court.

INTEGRATION

- Communicates directly with tournaments and training sessions;
- Facilitates match registration, statistics, and history.

FUNCTIONAL

- High-contrast screen for excellent readability;
- Structure resistant to indoor/court conditions;
- Guaranteed durability.

Developed and produced in Portugal.

LYNX

The LYNX SCOREBOARD is **available** through a **flexible** model that adapts to the **needs** of each **club**, academy, or Padel court manager.

- **Unit Price**

€ PRICE UPON REQUEST*

(Includes the physical device, screen, scoreboard, two buttons, installation, and initial setup.)

- **Monthly Subscription**

€ PRICE UPON REQUEST*

(Automatic updates, remote technical support, and synchronisation with the LYNX system.)

HOW TO ACQUIRE?

*Please confirm these values with our commercial representative.

Our system combines cutting-edge technology and continuous maintenance, ensuring that every game runs with maximum accuracy and without interruptions.
